capable of sustaining a full tournament limit during the course of the event. Participants who operate a boat & motor with “tiller steering” shall also have a kill switch lanyard when applicable.

- 9. SPORTSMANSHIP, CONDUCT AND COMMUNICATIONS:** Participants in IPB events are expected to follow the highest standards of courtesy, safety, angling etiquette and a strict adherence to game and fish laws. Any angler who violates any of these provisions may be subject to forfeiture of tournament winnings, suspension from competing in IPB events, permanent ban from competition or any combination deemed appropriate by IPB. The favorable public reputation of IPB as a sanctioning organization in the sport of fishing, the integrity of its officials, and the reputation of its media properties are valuable assets and tangible benefits for IPB. It is an obligation of competitors to refrain from comments to the public, media or via social media of any type that disparage the integrity of tournaments, officials, sponsors, fellow members, fellow anglers or IPB. Public comments that an angler should reasonably know will harm the reputation of IPB, officials or sponsors shall be considered conduct unbecoming of an IPB angler and will result in suspension. - **COURTESY: Maximum** courtesy must always be practiced. Yelling at, cursing at, bullying, etc. other anglers and non-competitors is not permitted and grounds for disqualification.
 - **ON WATER/SPOT COURTESY:** IPB expects courteous communication regarding fishing certain “spots” during a tournament. An on water dispute should never occur. It is expected that competitors agree on best way to fish near each other if needed. Forcing another team to leave a spot grounds for disqualification.
- 10. TACKLE AND EQUIPMENT:** All fish must be caught alive and in a conventional sporting manner using one rod which may not exceed eight (8) foot in length (measured butt to tip). Intentionally snagging fish is not permitted. Only artificial lures may be used, live and or prepared bait is not allowed, the only exception being “pork rinds” or its equivalent. Trolling with the aid of the internal combustion or electric trolling motor is not permitted. Communication devices such as cell phones, marine radios or CB’s may only be used for emergency purposes or contacting the director.
- 11. POLYGRAPH:** Anyone participating in an IPB tournament will be subject to a polygraph exam and or voice stress analysis if requested by the tournament officials. Examiner’s decision must be accepted without appeal. Entrants understand that the failure of such test or refusal to take the test will disqualify them from the tournament. IPB has retained the services of Gratias Investigations for Polygraph testing and legal services of Kozlowski Law for legal matters. If a polygraph test is failed by an angler that angler and team will be responsible for all costs.
- 12. PRE-FISHING/OFF LIMITS:** Pre-fishing is allowed on all bodies of water until 5:00 p.m. the day prior to any tournament unless otherwise stated. Moving fish/placing fish in live wells and later releasing is strictly prohibited during all pre-fishing. Any team found breaking these rules will be disqualified from the event.
- 13. PERMITTED FISHING WATERS:** All angling activities must be done from a previously inspected boat. No fishing will be allowed within 50-yards of another competitor’s boat which was first anchored or tied, with its trolling motor stowed out of the water, without the anchored boats

permission. An anchored boat is a boat held in a stable position by a line attached to a weight or by a shallow water anchor with the trolling motor in the up position. IPB strongly encourages a 25 yard courtesy limit at all times. Competitors should communicate their intent if wishing to pass or fish near a non-anchored competitor and respect the other competitors fishing area. Absolutely no hole-setting or holding of a fishing spot will be tolerated. Competitors may not exit their boat in order to facilitate access to “other” waters. Tournament directors will determine, and announce, all off-limit areas.

Dead fish presented for weight will receive a .25 pound deduction from total weight. If it’s the big bass, then the penalty shall be assessed against that fish. Dead fish may not be culled. Tournament standings will be determined by total weight of all competition days. Only largemouth, smallmouth and spotted bass will be scored. Teams presenting fish for weight which are subsequently determined to be “short” shall be penalized the weight of the short fish and are not allowed to weigh a “big bass”.
18. **BIG BASS:** Competitors may choose only one bass out of their bag as an entry into the “big bass side pot/s”.

In a season with a points race, In the event that big bass and total weight are the same for two or more teams then both (all) tied teams shall be awarded the same amount points. At the end of the season if there is a tie between two or more teams in equal points, then overall weight of the teams will be the deciding factor.
